C. Hot listing of ATM Cards through SMS

Hot listing of ATM card means making the card inactive permanently. Once hotlisted, the card cannot be used anymore. Customers have to make sure that their card is hotlisted immediately if they lose their ATM/Debit card.

Customers can request to hot list their card using their registered mobile number. No need to visit the branch to give a request to hotlist the card.

Send SMS to **8082892975** in the following format from registered mobile number of the customer:

HOTLIST <space> Last four digit of ATM Card number

Example: **HOTLIST 1234**

On receipt of SMS, system will send response message stating status of request.
